Delivering Resilient Offshore Projects: *Practical Lessons in Risk Management and Execution*

Join us for a round table discussion on legal challenges in the Polish offshore wind sector. Together with lawyers, in-house counsel and experts from Poland, Germany and England, we will discuss lessons learned from the first phase of offshore wind projects in Poland, contracting strategies and the main interface risks, the use of FIDIC standard forms of contract and effective dispute resolution.

17.00-19.00 (CET)

Monday, 16 November 2026
